

Some medications require a prior authorization for coverage under your pharmacy benefit plan. This program requires prescribers to submit clinical information to help guide members and prescribers toward cost-effective and clinically appropriate medications for their health condition.

This document shows medications for which your plan may require prior authorization.

**This document does not guarantee coverage of your medications.** Some plans have specific coverage requirements or exclusions. Please refer to your plan document or call our Member Support Team at 844-454-5201 and we would be happy to help!
