

# The SmithRx Essential Formulary

The SmithRx **Essential Formulary** is a list of drugs your doctor may prescribe. It includes details about their **coverage and cost**. This list can change. For the latest details about your drug benefits, check your **plan documents** or **formulary update documents**.

## How Drugs Are Organized

Drugs on the Essential Formulary are sorted by the types of medical conditions they treat. Medications are placed into three main Tiers:

- **Tier 1 Generic**
- **Tier 2 Preferred Brand**
- **Tier 3 Non-Preferred Brand**

**Specialty Drugs** treat complex conditions. They require special handling, administration, and patient care. Your specialty drugs may be covered under a separate **specialty benefit**. This benefit may have different coverage and copay rules than Tiers 1–3.

If you don't have a separate specialty benefit, your copay is based on whether the drug is Generic (Tier 1) or Brand (Tier 2 or 3). Check your **plan document** for your specific Tiers and Copay structure.

## How Drugs Are Chosen

Our **Pharmacy and Therapeutics (P&T)** Committee works hard to choose drugs. They clinically analyze research and guidelines to check a drug's **safety and effectiveness**.

After this review, the committee compares a drug's cost to similar drugs. They then place the drug into the appropriate Tier based on its **safety, effectiveness, and cost-effectiveness**.

We review and update all drugs on the Essential Formulary regularly. Remember, choosing a **generic medication** usually means you pay the lowest possible copay. When it makes sense for your health, talk to your doctor about choosing a generic drug.

## Coverage and Questions

The formulary is a guide and does not guarantee coverage. Your specific plan design determines your actual coverage. For detailed information, please refer to the plan documents from your employer or call SmithRx.

If you have any questions about the SmithRx Essential Formulary, call our customer service team at the number on the back of your member ID card for assistance.

## Tier Definitions

<b>T0</b>	Tier 0 - OTC
<b>T1</b>	Tier 1 - Generics
<b>T2</b>	Tier 2 - Preferred Brands
<b>T3</b>	Tier 3 - Non-Preferred Brands
<b>T4</b>	Tier 4 - Preferred Specialty
<b>T5</b>	Tier 5 - Specialty

## Utilization Management Definitions

<b>QL</b>	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
<b>PA</b>	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
<b>ST</b>	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
<b>GL</b>	Gender Limit	This prescription drug may only be covered for a single gender.
<b>AL1</b>	Age Limit	This prescription drug may only be covered if you meet the minimum or maximum age limit.
<b>C</b>	Custom	This drug has unique restrictions.
<b>S</b>	Specialty Drug	Specialty drugs are high-cost drugs used to treat complex or rare conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.
<b>MED</b>	Medical Drug	Medical drugs.
<b>ACA</b>	Affordable Care Act	This product is covered under the Affordable Care Act.
<b>NEG</b>	Non-Essential Generic	Exclusion of high cost generics drugs with clinically equivalent alternatives

<b>NEB</b>	Non-Essential Brand	Exclusion of high cost brand drugs with clinically equivalent alternatives
<b>MSB</b>	Multisource Brand	Exclusion of branded products with direct generic alternatives
<b>HCG</b>	High Cost Generic	Exclusion or uptiering generic medications with lower cost alternatives
<b>PREV</b>	Preventative	Preventative medications
<b>OP</b>	Opioid Program	

BRAND DRUGS / *generic drugs*
